

Bedford (Quanzhou) Electronic Co.,Ltd established in May. Since 1998, which is one of the professional Variable Frequency Drive(VFD) Manufacturers and suppliers in China. Even its establishment, Bedford never stop to make contribution towards the industrial automation technology and efforts for the "Green Earth". Our R&D teams focus on developing Elevator/Lift Drives since 2006.

Model : B950L - 4005B
Motor Power : 4.0 Kw
I/P Voltage : 380 VAC, 3-Phase
O/P Voltage : 9.4

Features

- For lift/elevator/crane
- 7 kinds language are available
- LCD keypad
- Auto-tuning ability
- Magnetic field oriented flux vector control
- 4 control methods are included
- PG-B2/i2 interface card are available
- Open loop & close loop are available.

B950L Series Standard Specifications (3 Phase 380-240V)						
	motor output	2005 (1.7kW)	2007 (0.4kW)	2010 (2.5kW)	2013 (13kW)	2020 (19kW)
Output Characteristics	Rated output current(A)	17	25	32	45	60
	Max.Output Voltage(V)	3 phase AC 380V±20% (Proportional to input voltage)				
	Max.Output Frequency(Hz)	up to 400Hz available by programming				
Power	Rated Input Voltage and fre.	3 phase AC 380V±20% 50/60Hz±5%				
	Allowable Voltage fluctu.	Voltage imbalance rate<3%				
Control characteristics	Control Method	Open-Loop Vector Control(OLP) Close-Loop Vector Control(CLP)				
	Governor Deflection	1:50(OLP) 1:1000(CLP)				
	Frequency control Range	0 to 99.00Hz				
	Input Frequency Resolution	Digital input:0.1Hz Analog input :0.1% of maximum frequency				
	Speed Control Accuracy	±0.2% rated synchronous speed				
	Frequency Accuracy	Digital Command:0.01%, Analog Command:0.1%				
	Accel/Decel Time	0.01 to 600.0 sec./0.1 to 6000.0 sec./1 to 60000 sec				
	Open-Loop Vector Control Feature	Rated output voltage: 20%-100% adjustable, Frequency base: 20Hz-99Hz adjustable				
	Torque Boost	Fixed torque boost curve, defined V/F curve				
	Starting Torque	150%/1 Hz (OLP), 150%/0Hz (CLP)				
KeyPad display	Torque Accuracy	±5% rated torque (OLP), ±8% (CLP)				
	AVR	Input voltage changes, but output voltage remains unchanged basically.				
	Automatic Current Limit	Automatically limit output current to avoid frequently overcurrent trip.				
	Overload Capacity	150% of rated output current for 1 minute, 180% of rated output current for 10 sec., 200% of rated output current for 2 sec.				
	Single Input Source	Communication, Preset speed, Analog quantity, High-speed trip				
	Braking Torque	Approx.20%				
	LED	LED displays relevant information about inverter				
	Parameter Copy	Upload and download parameter setting information in inverter to realize rapid copy.				
Intrinsic Protection	Protection	Short circuit, Overcurrent, Overvoltage, Undervoltage, Phase loss, Overload, Overheating, Overspeed, offload, external fault, etc.				
	Installation Site	To be installed indoor with an altitude of less than 1,000 meters, free from dust, corrosive gas and direct sunlight.				
	Ambient Temperature	(-10°C~40°C, 20%~90%RH or less (no condensation))				
	Vibration	<0.5g (<4.9m/s ²)				
	Strong Temperature	(-25°C~+65°C)				
Environment	Installation Method	Wall mounting, floor mounting(electrical cabinet) and flush mounting				

B950L Series PG Speed Control Card (Optional)

B950L Inverter is equipped with multiple general PG cards. User shall select PG card based on encoder output form. Models of PG cards are listed in the table below.

Part Number	Description	Encoder interface
EC-PG-02	Open collector output encoder Complementary push-pull output encoders Encoder with voltage output Maximum output current:200mA Power output voltage:12V±5% Maximum response frequency :80kHz	Input: 6PIN connection terminal Output: 4PIN connection terminal
EC-PG-D3	Differential output encoder(long line drive encoder) Wire saved ABZ differential output encoder Maximum output current:300mA Power output voltage:5v ± 5% Maximum response frequency:300kHz Differential signal amplitude ≤ 7V	Input: 9PIN connection terminal Output: 4PIN connection terminal
SEL-PG-S1	SIN/COS encoder card(Divider output)	Input: DB15 female connector Output: 3PIN connection terminal
